

Exhibition: The Third World in World War II

Photos of the flight case and its content

For the download of 40 photos of the flight case and its content see:

The titles of the photos describe the contents and can be used as instructions for the packing and unpacking of the flight case.

Please note, that there is some spare room under the box in the case, which can be used to add (e.g. audioguides or mp3-players) during transports in South Africa. The block of foam under the box in the flight case can be removed.
